# SPORTTREK

SportTrek lightweight travel trailers were created from the ground up using a rather unique philosophy in this industry; design units the way you'd want to camp in them! They were designed by campers *for* campers. Our product managers, engineers and sales staff and families all actively enjoy the great outdoors and constantly use our products, thus making them the best, most practical, affordable, most funnest choice in RVing, bar none!

SportTrek's are engineered with many original features and floorplans, including the 323VFL, offering the industry's first fifth wheel inspired front living room in a lightweight travel trailer, as well as the 312VBH bunkhouse, which sleeps nine in the bunkroom and six additional, totaling 15!

SportTrek's 327VIK includes living space for just about the whole Cub Scout troop, with room to spare! For starters, the private rear bunkroom sleeps six, and offers its own entertainment center, pedestal table, flip-up sofa and ginormous closet, and you can't beat the living room for entertainment space.

All in all, we believe you'll find the perfect SportTrek floorplan to suit your family's needs. See you at the campsite!

(Below) Several SportTrek floorplans include a kitchen island, which offers hidden storage on each end for waste basket and tons of extra snacks! Sinks include a high-rise pullout faucet and kitchens offer loads of storage opportunities and countertop space. Entertainment center includes a DVD/CD/ Stereo with Bluetooth.

Your kids will love the 320VIK's bunkroom with daybed and plush teddy bear bunkmats, along with the sofa and flip-down bunk.

The 320VIK offers an easy-access rear exterior door – keeps kids (and husbands) from tracking through the entire coach.

Bedrooms include designer padded headboards, generous storage, overhead reading light and reversible comforter

The entertainment package includes a 40-inch LED Roku-ready TV in most models, as well as a DVD/CD/Stereo with Bluetooth.

Bedrooms are designed with an eye toward comfort and function, and include a Sleep Tight® memory foam mattress, Extend-a-Bed® body pillow, solid wood nightstands, under-bed storage with gas struts, generous overhead cabinets, TV and satellite connections and hard valances with nightshades.

High-end radius glass shower doors, large linen closet, and the 290VIK offers access from both the bedroom and hallway.
