2023 STRATUS

SR291VQB

UVW – 6,830 lbs. | Exterior Length – 33' 11" | Sleeps – 10

TOP FEATURES

Kitchens feature a window to welcome in natural light. The gas range with glass cover adds valuable counter space, and the microwave and oven offer the same conveniences as home.

Contrasting light and dark woodwork gives a nod to today's mixed cabinetry aesthetic, with Antique White nicely offsetting the dark Heirloom Maple. The LED TV and multi-media stereo, DVD and wireless connectivity are perfect for indoor camping, and the optional 30-inch fireplace takes the edge off cool mornings and chilly nights. The discreet

cubby below the fireplace stores Rover's doggie dish, or lets you keep shoes at the ready.

Kids love having their own special area, and bunkhouse floorplans are fun, functional and comfortable, with a sturdy fixed ladder and lookout windows on both levels. Ample open-shelf storage gives easy access to toys and games, and the under-bed space accommodates backpacks and plenty of other large items.

The optional theater seats recline individually, and offer heat/massage.

The 60 x 80-inch true residential queen bed offers storage beside, above and below. USB ports, 110V outlet and light switches are all within reach, as is CPAP nightstand storage. Tall shirt cabinets on both sides allow for clothes on hangers. The bed lifts to reveal spacious storage, and overhead cabinet accent lighting completes the scene.

Stor-More nightstands are CPAP sized and have USB and 100V outlets.

Multi-directional A/C vent.

Skylight with shade.

Live edge countertops.

Let's face it, camping is all about eating. With the generous 8 CU FT refrigerator, you don't need to skimp on anything!

Rugged vinyl flooring with 7-year limited warranty and dinettes that boast two huge 36-inch removable storage bins, which can be taken into the house and packed with food, gear, and clothes, and then slid back out of sight.

Tufflex™ PVC Roofing
